ABSTRACT

The Origin of Enrollments presents a geographic distribution of undergraduate and graduate students and those classified as first-time freshmen for the 42 accredited colleges and universities in Kentucky. A geographic distribution of total high school graduates by county is recorded. A percentage of high school graduates by county attending college for the first time is recorded and also the percent of county population enrolled in Kentucky public and private higher educational institutions. For the fall of 1973, Kentucky shows an overall enrollment increase of 4.6 percent over 1972. The state-supported colleges and universities experienced an increase of 6.1 percent. The independent colleges and a decrease of 4.5 percent. First-time freshmen enrollment statewide increased 1.02 percent over 1972. The state-supported colleges and universities shows an increase of 1.03 percent while in the independent colleges and universities decrease occurred. The number of Kentuckians enrolled as first-time freshmen at the 42 accredited colleges and universities was 41.4 percent of the high school graduates for 1973. This compares to 41.8 percent attending college in 1969, the first year which this information was gathered. Researchers studying the economy and other branches of state government use this information as a basis of long-range planning. (Author)

PREFACE

Origin of Enrollments is a delineation of student enrollments for the Fall Semester 1973 from the forty-two accredited Kentucky colleges and universities. The enrollments are aggregated by institution, state, foreign country, and Kentucky resident students by county of origin. These figures are total enrollment by headcount and are reconciled with the Council publication, Kentucky College and University Enrollments 1973.

The Kentucky state-supported and independent institutions of higher education enrolled 105,935 students for the Fall Semester 1973. This was an increase of 4,691 students over 1972. Additional information about Kentucky high school graduates and the percentage of the 1973 graduating classes attending college can be found in Holding Power and Graduates published by the Division of Research, Kentucky Department of Education. A few general findings related to the overall enrollment characteristics of the state-supported sector of higher education and the independent sector follow:

1. The total enrollment of Kentucky colleges and universities increased 4.6 percent for the Fall Semester 1973 for a new high of 105,935 students.

   The state-supported college and university sector experienced a 6.1 percent increase in students for the Fall Semester 1973, with an enrollment of 89,731 students.

   The independent college and university sector experienced a 4.5 percent decrease in enrollments for the Fall Semester 1973, enrolling 16,204 students.

2. 87,998 Kentuckians enrolled in the accredited colleges and universities of the Commonwealth representing a 5.7 percent increase in the number of Kentucky students over the Fall Semester 1972.

The state-supported college and university sector enrolled 77,508 Kentuckians. This represents a 9.8 percent increase over Fall Semester 1972.

The independent college and university sector enrolled 10,490 Kentuckians, a 4.8 percent decrease from the Fall Semester 1972.

3. First-time freshmen enrolled in Kentucky colleges and universities totaled 22,454, a 1.02 percent increase from 1972 enrollments.

First-time freshmen enrollment in the state-supported college and university sector was 18,238. This figure is a 1.03 percent increase from 1972 enrollments.

First-time freshmen enrollment in the independent college and university sector was 4,216, a 1.02 percent decrease from 1972.

4. 18,397 Kentuckians enrolled as first-time freshmen for the Fall Semester 1973. This figure is a 1.01 percent increase from 1972.

- Of this number, 15,757 enrolled in the state-supported sector of higher education, a 1.01 percent increase over the 1972 first-time freshmen enrollment.

2,640 Kentuckians enrolled as first-time freshmen in the independent college and university sector, less than a 1.0 percent decrease from 1972 first-time freshmen enrollment.

5. Kentucky colleges and universities enrolled 17,937 out-of-state students for the Fall Semester 1973. This figure is equal to 16.9 percent of the total enrollment of 105,935 students in Kentucky colleges and universities.

Out-of-state student enrollment in the state-supported colleges and universities was equal to 13.6 percent of their total enrollment for the Fall Semester 1973.

Out-of-state student enrollment in the independent college and university sector is equal to approximately 35.3 percent of their total enrollment for the Fall Semester 1973.

6. Kentucky high schools graduated 44,437 students in 1973. The number of Kentuckians enrolled as first-time freshmen in Kentucky colleges and universities for the Fall Semester 1973 were equal to 41.4 percent of the 1973 Kentucky high school graduates.

7. The number of Kentuckians enrolled in Kentucky colleges and universities has increased from 69,307 in 1968 to 87,998 in 1973, representing a 26.9 percent increase during the five-year period.

8. In 1969 the Council on Public Higher Education adopted a policy to limit the out-of-state student enrollment in the state system of colleges and universities to 15 percent of the undergraduate enrollment by the Fall Semester 1972. The policy also indicated that a state institution should not exceed 20 percent out-of-state students in their undergraduate enrollment. The fall semester 1973 enrollment for the state system indicated 14.9 percent of the undergraduates are out-of-state students. Additional information about institutional enrollments may be found in Kentucky College and University Enrollments 1973.

The 1972 enrollments included a new dimension in Kentucky higher education. Four Kentucky colleges and universities, at the request of military authorities at Fort Knox and Fort Campbell, Kentucky, formalized opportunities for military personnel to continue their education by providing programs leading to associate, baccalautreate and graduate degrees. The former Fort Knox Community College has become University of Kentucky - Fort Knox Center and is offering programs for resident credit leading to a four-year degree through the University of Kentucky College of Arts and Sciences.

At Fort Campbell, Eagle University was established to provide resident credit programs through a consortium of Kentucky and Tennessee colleges and universities. Hopkinsville Community college, Murray State University, and Western Kentucky University are operating degree credit programs through Eagle University at Fort Campbell.

The data utilized in this report about high school graduates was obtained from the Kentucky Department of Education publication, Holding Power and Graduates. The Kentucky college and university enrollment data in this report was submitted by the forty-two accredited institutions of higher education in the Commonwealth of Kentucky.
